#### ACHIEVEMENTS :

Extra care required in vertical pasting of laminates sheet as there is possibility of bubbles due to lack of uniform pressure.

Do not use chemicals for cleaning

avoid direct sunlight / continuous light. these may cause color fading

Cracking at corners and around cuts may be caused by improper conditioning, improper bonding, and poor planning. avoid all these to prevent cracking at corners.

## GORGEOUS CREATIONS

“A flair of  
resplendence  
to create an  
endearing aura  
around your  
environment is  
here.”
